BE+ is an Erasmus+ Project started in 2020 which aims to increase the administrative and organizational capacity in school education so that teaching and management staff is better prepared to transnational collaboration.

The Erasmus+ programme period 2021-2027 has a strong focus on mobility, providing learning opportunities to 12 million people, building a European Education Area and strengthening the European identity. This will create important opportunities for schools to develop their international activity and organisational capacity for more effective participation in the Programme.
